## Marine and Fisheries

### USE OF HOOP-NETS PERMITTED IN CERTAIN MANITOBA FISHERIES.

#### GASPEREAU FISHING IN TUSKET RIVER, NOVA SCOTIA.

*P.C. 1251—April 12, 1921*—Whereas the Fishery Regulations for the Province of Manitoba prohibit the use of hoop-nets;

And whereas the Minister of Marine and Fisheries reports that while hoop-nets should not be used in the waters of Manitoba generally, there is no objection to this method of fishing in Buffalo Bay at the head of the Lake of the Woods, a considerable portion of which Bay is in the Province of Manitoba; that hoop-net fishing is permissible in the adjoining portion of Buffalo Bay in the State of Minnesota, and also in adjacent waters of the Lake of the Woods in Ontario, and that coarse fish predominate in Buffalo Bay, and these can best be caught by hoop-nets;

That the responsible officers of the Department of Marine and Fisheries, who deal with the administration of the Fisheries, consequently recommend that the Fishery Regulations for Manitoba be amended so as to allow the use of hoop-nets in the Manitoba waters of Buffalo Bay, and that the annual fee attached thereto be \$10, which is the amount charged in adjacent Ontario waters;

And whereas the Minister of Marine and Fisheries further reports that subsection 15 of section 34, of the Special Fishery Regulations for the Province of Nova Scotia permits gaspereau fishing in the portion of Tusket River between Tusket Bridge and the head of Hatfield's Falls on Monday, Tuesday and Wednesday of each week only during the fishing season;

That the Chief Inspector of Fisheries for the district reports that under existing conditions gaspereau fishing may safely be extended in this portion of the river to four days per week, and recommends that the regulations be amended accordingly, and in this recommendation the above named officers of the Department of Marine and Fisheries join;

And whereas the Minister of Marine and Fisheries concurs in both these recommendations,—

Therefore His Excellency the Deputy Governor General in Council, on the recommendation of the Minister of Marine and Fisheries and under the authority of section 45 of The Fisheries Act, chapter 8 of the Statutes of 1914, is pleased to order and it is hereby ordered as follows:—

1. Section 7 of the Special Fishery Regulations for the Province of Manitoba, which were adopted by Order in Council of June 11, 1917, is hereby rescinded, and the following is substituted in lieu thereof:—

(7) Fishing with apparatus, other than gill-nets, dip-nets, baited hooks, or hoop-nets, or by angling, shall not be permitted.

2. The following section is hereby added to the said Fishery Regulations for the Province of Manitoba, immediately after section 27 thereof:—

*Buffalo Bay.*

(27a) The use of hoop-nets shall be permissible in fishing in Buffalo Bay, Lake of the Woods. The leader of a hoop-net shall not exceed eight rods in length. The fee on a hoop-net license shall be \$10.

3. Subsection 15 of section 34 of the Special Fishery Regulations for the Province of Nova Scotia, which subsection was adopted by Order in Council of April 15, 1920, is hereby rescinded and the following is substituted in lieu thereof:—

(15) Gaspereau fishing in the portion of Tusket River between Tusket Bridge and the head of Hatfield's Falls is permissible on Monday, Tuesday, Wednesday and Thursday of each week only.

*Vide Canada Gazette*, vol. 54, p. 4462.

## TROUT FISHING IN CERTAIN PORTIONS OF ALBERTA

*P.C. 1250—April 12, 1921*—Whereas the special fishery regulations for the Provinces of Alberta and Saskatchewan provide that, so far as sport fishing is concerned in the southern portion of Alberta, the close season for trout, other than lake trout, or grayling, is from October 16 in each year to June 14 following, both days inclusive;

And whereas the Minister of Marine and Fisheries reports that the Calgary Anglers Association urgently request that this season be changed so as to allow fishing to begin on the 24th of May, instead of the 15th of June, but to end on September 30 instead of October 15;

That Cutthroat trout spawn in the spring while grayling spawn in the fall, and investigation indicates that the trout spawning season is practically over by the 24th of May and that the grayling are in a spawning condition after the 1st of October;

That in the circumstances the responsible officers of the Department of Marine and Fisheries who deal with the administration of the fisheries recommend that the season be changed as requested, in which recommendation the Minister concurs,—

Therefore His Excellency the Deputy Governor General in Council, on the recommendation of the Minister of Marine and Fisheries and under the authority of section 45 of The Fisheries Act, chapter 8 of the Statutes of 1914, is pleased to order and it is hereby ordered as follows:—

Paragraph (a) of section 32 of the Special Fishery Regulations for the Provinces of Saskatchewan and Alberta, which paragraph was adopted by Order in Council of 27th April, 1917, is hereby rescinded and the following is substituted in lieu thereof:—

"32. (a) In waters in that portion of Alberta northward from the International Boundary Line to and including the Bow River and its tributaries, no one shall fish for, catch or kill any trout (other than lake trout), or grayling (Rocky Mountain whitefish), from the first day of October in each year to the 23rd day of May following, both days inclusive."

*Vide Canada Gazette*, vol. 54, p. 4446.

## GRADES FOR PICKLED HERRING

*P.C. 1249—April 12, 1921*—Whereas section 31 of the Regulations made by Order in Council of the 18th of August, 1920, under authority of The Fish Inspection Act, 4-5 George V, chapter 45, as amended by 10-11 George V, chapter 48, defines the size of large or No. 1 herring as not less than eleven inches, and that of medium or No. 2 herring as not less than nine inches and not more

than ten inches, and consequently, all herring with a length falling between the minimum for No. 1 and the maximum for No. 2 are left unclassified;

And whereas the Minister of Marine and Fisheries reports that the responsible officers of the Department of Marine and Fisheries who deal with the administration of the Fisheries recommend that this regulation be amended so as to include in No. 2 herring those measuring from nine inches up to eleven inches in length; in which recommendation the Minister concurs,—

Therefore His Excellency the Deputy Governor General in Council, on the recommendation of the Minister of Marine and Fisheries, and under the authority of section 6 of the above mentioned Act, is pleased to order and it is hereby ordered as follows:—

Section 31 of the aforementioned regulation is hereby rescinded, and the following substituted in lieu thereof:—

31. The grades for pickled herring shall be large or No. 1, consisting of sound fish of good quality and measuring not less than eleven inches from the extremity of the head to where the flesh and tail fin meet. Medium or No. 2 consisting of sound fish of good quality and measuring not less than nine inches and not more than eleven inches from the extremity of the head to where the flesh and tail fin meet. Small or No. 3, consisting of sound fish of good quality and measuring not less than seven inches and not more than nine inches, from the extremity of the head to where the flesh and tail fin meet.

## SPECKLED TROUT FISHING IN QUEBEC

*P.C. 1320—April 16, 1921*—Whereas paragraph (a) of subsection 2 of section 21 of the Special Fishery Regulations for the Province of Quebec, which were adopted by Order in Council of the 12th September, 1907, prohibits fishing for speckled trout (*salvelinus fontinalis*) from the 1st day of October to the 30th day of April, in each year, both days inclusive;

And whereas the regulations further prohibit fishing through the ice, but this year the ice has gone out of the lakes of the Province earlier than usual, and as speckled trout are in excellent condition at this season of the year, there is no objection to fishing therefor by the usual means in open water;

And whereas those interested in angling have urged that fishing for trout be allowed this year beginning on the 15th instant; the Provincial Department of Colonization, Mines and Fisheries in Quebec recommends that such permission be granted, and in this recommendation, the responsible officers of the Department of Marine and Fisheries dealing with the administration of the fisheries, join,—

Therefore His Excellency the Deputy Governor General in Council, on the recommendation of the Minister of Marine and Fisheries and under the authority of section 45 of The Fisheries Act, chapter 8 of the Statutes of 1914, is pleased to order that paragraph (a) of subsection 2 of section 21 of the said Fishery Regulations for the Province of Quebec shall be and the same is hereby amended so as to allow fishing for speckled trout (*salvelinus fontinalis*) for the present year only to begin on the fifteenth April instead of on the first May.

## PERMITS TO FISH IN NAVIGABLE TIDAL WATERS AND NAVIGABLE RIVERS IN QUEBEC

*P.C. 1362—April 20, 1921*.—Whereas by Order in Council of the 26th January, 1921, amending the Special Fishery Regulations for the Province of

Quebec, it is provided that fishing without a license from the Minister of Marine and Fisheries is prohibited:—

- (a) In the tidal waters of the Province of Quebec, and
- (b) In the non-tidal waters and streams of the Province of Quebec, which are navigable and accessible by way of navigation from the sea;

And whereas the Minister of Marine and Fisheries reports after further consultation with the Department of Justice, it is considered well to modify the wording of the regulation so as to make it quite clear that such licenses for fishing will not be required beyond the portions of the streams that are navigable and accessible by way of navigation from the sea,—

Therefore His Excellency the Deputy Governor General in Council, on the recommendation of the Minister of Marine and Fisheries, is pleased to order and it is hereby ordered that section 9 of the Special Fishery Regulations for the Province of Quebec, which section was adopted by Order in Council of the 26th January, 1921, be rescinded and that the following be substituted in lieu thereof:—

*Section 9—Leases and Licenses*

Fishing by means of nets, weirs, engines or other apparatus, or contrivances of any kind, whether fixed to the soil or not, is prohibited except under license or permit from the Minister of Marine and Fisheries:—

- (a) in the navigable tidal waters of the Province of Quebec;
- (b) in those portions of the rivers and streams of the Province of Quebec which, whether tidal or not, are navigable and accessible by way of navigation from the sea.

*Vide Canada Gazette*, Vol. 54, p. 4602.

## SHAD FISHING IN BAY OF FUNDY AND TRIBUTARY WATERS

*P.C. 1466—April 30, 1921.*—Whereas by Order in Council of February 28, 1918, shad fishery regulations for the Maritime Provinces were adopted; one of said regulations providing a fishing season for shad from March 1 to August 15, in each year, both days inclusive, and another providing an entire closure of shad fishing in the Bay of Fundy waters and waters tributary thereto for a period of four years from March 1, 1918. The object of this latter regulation being to enable the shad fisheries of the Bay of Fundy district, which were then in a seriously depleted condition, to be built up;

And whereas the information before the Minister of Marine and Fisheries indicates that there has been such an increase in the number of shad frequenting these waters since the close season was adopted that a limited amount of fishing may safely be allowed this year and the responsible officers of the Department of Marine and Fisheries dealing with the administration of the fisheries recommend that shad fishing in the said waters be permitted this year from May 16 to June 20, both days inclusive.

Therefore His Excellency the Deputy Governor General in Council, on the recommendation of the Minister of Marine and Fisheries and under the authority of Section 45 of the Fisheries Act, Chapter 8 of the Statutes of 1914, is pleased to order that the Shad Fishery Regulations established by Order in Council of the 28th of February, 1918, shall be and the same are hereby amended so as to permit fishing for shad in the Bay of Fundy and its tributary bays and in the waters tributary to the Bay of Fundy and its tributary bays from May 16 to June 20 of this year, both days inclusive.

*Vide Canada Gazette*, Vol. 54, p. 4848.

## SPECIAL FISHERIES REGULATIONS OF ONTARIO AMENDED

*P.C. 1495—April 30, 1921*—Whereas the Minister of Marine and Fisheries reports that Minister of Game and Fisheries for Ontario, who administers the Fisheries in that Province has recommended that certain changes be made in the Special Fishery Regulations applicable to that Province:

Now therefore His Excellency the Deputy Governor General in Council, on the recommendation of the Minister of Marine and Fisheries and under the authority of section 45 of The Fisheries Act, chapter 8, 4-5 George V, is pleased to order that the Special Fisheries Regulations for the Province of Ontario, which were adopted by Order in Council of 29th October, 1915, be and the same are hereby amended as follows; the changes being in accordance with the recommendations of the Minister of Game and Fisheries for Ontario, viz.:

2. Paragraph (a) of section 6 of the said Regulations is amended by adding thereto the following proviso:—

“Provided that in the portion of Lake Erie eastward of 80° 30' West Longitude, herring nets now in possession of the licensees, and having meshes not less than two and three-quarter inches extension measure when in use, may be permitted until December thirty-first, 1922.

3. The second paragraph of subsection (a) of section 7 of the said regulations, which paragraph was adopted by Order in Council of May 13, 1916, is rescinded, and the following is substituted in lieu thereof:

4. Paragraph (d) of section 8 of the said regulations is rescinded and the following is substituted in lieu thereof:

“(d) No one shall set or place nets other than hoop-nets, dip-nets or roll-nets, in any river or creek, or within five hundred yards of either side of the entrance thereto, provided that this prohibition shall not apply to carp and sucker fishing.”

5. The following paragraphs are added to said section 8 of the said regulations:

“(h) No one shall fish for, catch or kill any small-mouthed black bass in Fox Lake and Smith Lake, District of Kenora, from the first of May, 1921, to June thirtieth, 1924, both days inclusive, excepting for purposes of fish culture and then only under the authority of a permit from a duly authorized officer of the Provincial Government.”

Most Gracious Sovereign:

We, Your Majesty's most dutiful and loyal subjects, the Senate and Commons of Canada, in Parliament assembled, humbly beg leave to approach Your Majesty for the purpose of representing:—

That by a Despatch transmitted to this House for its information by His Excellency the Governor General on the 28th of February last, together with the Minute of a Committee of the Honourable the Privy Council, approved by His Excellency the Governor General in Council on the 27th day of February last, we learn that the draft of a Bill has been prepared, with a view to its submission to the Imperial Parliament, in the following words, that is to say:—

"Whereas doubts have been entertained respecting the powers of the Parliament of Canada 'to establish Provinces in Territories admitted, or which may hereafter be admitted into the 'Dominion of Canada, and to provide for the representation of such Provinces in the said 'Parliament, and it is expedient to remove such doubts and to vest such powers in the said 'Parliament."

"Be it enacted, etc.

"1. This Act may be cited for all purposes as the British North America Act, 1871.

"2. The following Acts passed by the said Parliament of Canada, and intituled respectively 'An Act for the Temporary Government of Rupert's Land and the North Western Territory 'when united with Canada,' and, an 'Act to amend and continue the Act 32 and 33 Vic., cap. 3, 'and to establish and provide for the Government of the Province of Manitoba,' shall be and 'be deemed to have been valid and effectual for all purposes whatsoever from the date at which 'they respectively received the assent of the Governor General of the said Dominion of Canada.

"3. The Parliament of Canada may, from time to time, establish new Provinces in the 'Territories admitted to be part of the said Dominion by an Order in Council of the 23rd June, '1870, or in any other Territories which may hereafter be admitted into and form part of the 'said Dominion; and the said Parliament may, at the time of such establishment, make provision for the Administration of any such Provinces, and for the passing of Laws for the peace, 'order, and good government thereof, and for the representation of such Provinces, or any of 'them in the said Parliament of Canada."

"4. The Parliament of Canada may, from time to time, with the consent of the Legislature 'of any Province, now or at any time hereafter forming part of the said Dominion, increase, 'diminish, or otherwise alter the limits of such Province upon such terms and conditions as may 'be agreed to by the said Provincial Legislature.

"5. The Parliament of Canada may, with the like consent, withdraw from any Province 'any part of the Territory comprised therein, and make Laws for the Administration, peace, 'order and good government of the Territory so withdrawn until it is established as a Province, 'or until it is included within some other Province; and may with the like consent, make such 'provision as to the said Parliament shall seem expedient, relating to the effect and operation 'of any such withdrawal of Territory with respect to the Province from which such Territory 'shall have been withdrawn.

"6. The Act of the Parliament of Canada, secondly mentioned in the second clause of 'this Act, in so far as it relates to the Province of Manitoba, and any Act of the said Parliament 'hereafter establishing a Province as aforesaid, shall have effect as if it had been enacted by the 'Parliament of the United Kingdom of Great Britain and Ireland, subject always to the right 'of the Legislature of Manitoba from time to time to alter the provisions of the Act secondly 'mentioned in the said clause, as respects the qualification of Electors and Members of the 'Legislative Assembly, and to make Laws respecting Elections."

We, therefore, most humbly pray that Your Majesty will be graciously pleased to cause a measure embodying the provisions contained in the said proposed Bill to be submitted to the Imperial Parliament.

## REPRESENTATION OF THE TERRITORIES

To the Queen's Most Excellent Majesty:

Most Gracious Sovereign:

We, Your Majesty's most dutiful and loyal subjects the Senate and Commons of Canada in Parliament assembled, humbly approach Your Majesty

for the purpose of representing that for the good government of the several Territories forming part of the Dominion of Canada, and not included within any Province thereof, it is expedient that provision should be made for their representation in the Parliament of Canada, and praying that Your Majesty may be graciously pleased to cause a measure to be laid before the Imperial Parliament to empower the Parliament of Canada, from time to time, to make provision for such representation.

All which we humbly pray Your Majesty to take into your favourable and gracious consideration.

(Journals, House of Commons, 1886, p. 182; Journals, Senate, p. 137.)

#### PROVINCIAL SUBSIDIES INCREASED.

To the King's Most Excellent Majesty:

Most Gracious Sovereign:

We, Your Majesty's most dutiful and loyal subjects, the Senate and Commons of Canada, in Parliament assembled, humbly approach Your Majesty for the purpose of representing that it is expedient to amend the scale of payments authorized under Section 118 of the Act of the Parliament of the United Kingdom of Great Britain and Ireland, commonly called the British North America Act, 1867, to be made by Canada to the several Provinces of the Dominion for the support of their Governments and Legislatures by providing that—

A. Instead of the amounts now paid, the sums hereafter payable yearly by Canada to the several Provinces for the support of their Governments and Legislatures, to be according to population, and as follows:—

(a) When the population of the Province is under 150,000.....	\$100,000
(b) Where the population of the Province is 150,000, but does not exceed 200,000.....	150,000
(c) Where the population of the Province is 200,000, but does not exceed 400,000.....	180,000
(d) Where the population of the Province is 400,000, but does not exceed 800,000.....	190,000
(e) Where the population of the Province is 800,000, but does not exceed 1,500,000.....	220,000
(f) Where the population of the Province exceeds 1,500,000.....	240,000

B. Instead of an annual grant per head of population now allowed, the annual payment hereafter to be at the same rate of eighty cents per head, but on the population of each Province, as ascertained from time to time by the last decennial census (or, in the case of the Provinces of Manitoba, Saskatchewan and Alberta, respectively, by the last quinquennial census or statutory estimate), until such population exceeds 2,500,000, and at the rate of sixty cents per head for so much of said population as may exceed 2,500,000.

C. An additional allowance to the extent of One hundred thousand dollars annually be paid for ten years to the Province of British Columbia.

D. Nothing herein contained shall in any way supersede or affect the terms special to any particular Province upon which such Province became part of the Dominion of Canada or the right of any Province to payment of any special grant heretofore made by the Parliament of Canada to any Province for any special purpose in such grant expressed.

We pray that Your Majesty may be graciously pleased to cause a measure to be laid before the Imperial Parliament at its present Session, repealing the provisions of Section 118 of the British North America Act, 1867, aforesaid, and substituting therefor the scale of payments above set forth, which shall be a final and unalterable settlement of the amounts to be paid yearly to the several Provinces of the Dominion for their local purposes and the support of their Governments and Legislatures.

Such grants shall be paid half-yearly in advance, to each Province; but, the Government of Canada shall deduct from such grants, as against any Province, all sums chargeable as interest on the public debt of that Province in excess of the several amounts stipulated in the said Act.

All of which we humbly pray Your Majesty to take into your favourable and gracious consideration.

## SECOND SCHEDULE.

## REVISED BERNE CONVENTION.

Convention for the purpose of revising the Convention of Berne of the 9th September, 1886, the Additional Article and the Final Protocol attached to the same Convention, and the Additional Act and the Interpretative Declaration of Paris of the 4th May, 1896; made on the 13th day of November, 1908, between His Majesty the King of the United Kingdom of Great Britain and Ireland, Emperor of India; His Majesty the German Emperor, King of Prussia; His Majesty the King of the Belgians; His Majesty the King of Denmark; His Majesty the King of Spain; the President of the French Republic; His Majesty the King of Italy; His Majesty the Emperor of Japan; the President of the Republic of Liberia; His Royal Highness the Grand Duke of Luxemburg, Duke of Nassau; His Serene Highness the Prince of Monaco; His Majesty the King of Norway; His Majesty the King of Sweden; the Federal Council of the Swiss Confederation; His Highness the Bey of Tunis.

[The following is an English translation of the Convention with the omission of the formal beginning and end.]

## ARTICLE 1.

The Contracting States are constituted into a Union for the protection of the rights of authors over their literary and artistic works.

## ARTICLE 2.

The expression "literary and artistic works" shall include any production in the literary, scientific or artistic domain, whatever may be the mode or form of its reproduction, such as books, pamphlets, and other writings; dramatic or dramatico-musical works, choreographic works and entertainments in dumb show, the acting form of which is fixed in writing or otherwise; musical compositions with or without words; works of drawing, painting, architecture, sculpture, engraving and lithography; illustrations, geographical charts; plans, sketches, and plastic works relative to geography, topography, architecture or science.

Translations, adaptations, arrangements of music and other reproductions in an altered form of a literary or artistic work as well as collections of different works, shall be protected as original works without prejudice to the rights of the author of the original work.

The contracting countries shall be bound to make provision for the protection of the above-mentioned works.

Works

Works of art applied to industrial purposes shall be protected so far as the domestic legislation of each country allows.

#### ARTICLE 3.

The present Convention shall apply to photographic works and to works produced by a process analogous to photography. The contracting countries shall be bound to make provision for their protection.

#### ARTICLE 4.

Authors who are subjects or citizens of any of the countries of the Union shall enjoy in countries other than the country of origin of the work, for their works, whether unpublished or first published in a country of the Union, the rights which the respective laws do now or may hereafter grant to natives as well as the rights specially granted by the present Convention.

The enjoyment and the exercise of these rights shall not be subject to the performance of any formality; such enjoyment and such exercise are independent of the existence of protection in the country of origin of the work. Consequently, apart from the express stipulations of the present Convention, the extent of protection, as well as the means of redress secured to the author to safeguard his rights, shall be governed exclusively by the laws of the country where protection is claimed.

The country of origin of the work shall be considered to be: in the case of unpublished works, the country to which the author belongs; in the case of published works, the country of first publication; and in the case of works published simultaneously in several countries of the Union, the country the laws of which grant the shortest term of protection. In the case of works published simultaneously in a country outside the Union and in a country of the Union, the latter country shall be considered exclusively as the country of origin.

By published works must be understood, for the purposes of the present Convention, works copies of which have been issued to the public. The representation of a dramatic or dramatico-musical work, the performance of a musical work, the exhibition of a work of art, and the construction of a work of architecture shall not constitute a publication.

#### ARTICLE 5.

Authors being subjects or citizens of one of the countries of the Union who first publish their works in another country of the Union shall have in the latter country the same rights as native authors.

## ARTICLE 6.

Authors not being subjects or citizens of one of the countries of the Union, who first publish their works in one of those countries, shall enjoy in that country the same rights as native authors, and in the other countries of the Union the rights granted by the present Convention.

## ARTICLE 7.

The term of protection granted by the present Convention shall include the life of the author and fifty years after his death.

Nevertheless, in case such term of protection should not be uniformly adopted by all the countries of the Union, the term shall be regulated by the law of the country where protection is claimed, and must not exceed the term fixed in the country of origin of the work. Consequently the contracting countries shall only be bound to apply the provisions of the preceding paragraph in so far as such provisions are consistent with their domestic laws.

For photographic works and works produced by a process analogous to photography, for posthumous works, for anonymous or pseudonymous works, the term of protection shall be regulated by the law of the country where protection is claimed, provided that the said term shall not exceed the term fixed in the country of origin of the work.

## ARTICLE 8.

The authors of unpublished works, being subjects or citizens of one of the countries of the Union, and the authors of works first published in one of those countries shall enjoy, in the other countries of the Union, during the whole term of the right in the original work, the exclusive right of making or authorizing a translation of their works.

## ARTICLE 9.

Serial stories, tales, and all other works, whether literary, scientific, or artistic, whatever their object, published in the newspapers or periodicals of one of the countries of the Union may not be reproduced in the other countries without the consent of the authors.

With the exception of serial stories, and tales any newspaper article may be reproduced by another newspaper unless the reproduction thereof is expressly forbidden. Nevertheless, the source must be indicated; the legal consequences of the breach of this obligation shall be determined by the laws of the country where protection is claimed.

The

The protection of the present Convention shall not apply to news of the day or to miscellaneous information which is simply of the nature of items of news.

#### ARTICLE 10.

As regards the liberty of extracting portions from literary or artistic works for use in publications destined for educational purposes, or having a scientific character, or for chrestomathies, the effect of the legislation of the countries of the Union and of special Arrangements existing or to be concluded between them is not affected by the present Convention.

#### ARTICLE 11.

The stipulations of the present Convention shall apply to the public representation of dramatic or dramatico-musical works, and to the public performance of musical works, whether such works be published or not.

Authors of dramatic or dramatico-musical works shall be protected during the existence of their right over the original work against the unauthorized public representation of translations of their works.

In order to enjoy the protection of the present Article, authors shall not be bound in publishing their works to forbid the public representation or performance thereof.

#### ARTICLE 12.

The following shall be specially included among the unlawful reproductions to which the present Convention applies: Unauthorized indirect appropriations of a literary or artistic work, such as adaptations, musical arrangements, transformations of a novel, tale, or piece of poetry into a dramatic piece and *vice versa*, etc., when they are only the reproduction of that work, in the same form or in another form without essential alterations, additions, or abridgments, and do not present the character of a new original work.

#### ARTICLE 13.

The authors of musical works shall have the exclusive right of authorizing (1) the adaptation of those works to instruments which can reproduce them mechanically; (2) the public performance of the said works by means of these instruments.

Reservations and conditions relating to the application of this Article may be determined by the domestic legislation of each country in so far as it is concerned; but the effect of any such reservations and conditions will be strictly limited to the country which has put them in force.

The provisions of paragraph 1 shall not be retroactive, and consequently shall not be applicable in any country of the Union to works which have been lawfully adapted in that country to mechanical instruments before the coming into force of the present Convention.

Adaptations made in virtue of paragraphs 2 and 3 of the present Article, and imported without the authority of the interested parties into a country where they would not be lawful, shall be liable to seizure in that country.

#### ARTICLE 14.

Authors of literary, scientific or artistic works shall have the exclusive right of authorizing the reproduction and public representation of their works by cinematography.

Cinematograph productions shall be protected as literary or artistic works, if, by the arrangement of the acting form or the combinations of the incidents represented, the author has given the work a personal and original character.

Without prejudice to the rights of the author of the original work the reproduction by cinematography of a literary, scientific or artistic work shall be protected as an original work.

The above provisions apply to reproduction or production effected by any other process analogous to cinematography.

#### ARTICLE 15.

In order that the authors of works protected by the present Convention shall, in the absence of proof to the contrary, be considered as such, and be consequently admitted to institute proceedings against pirates before the Courts of the various countries of the Union, it will be sufficient that their name be indicated on the work in the accustomed manner.

For anonymous or pseudonymous works the publisher, whose name is indicated on the work, shall be entitled to protect the rights belonging to the author. He shall be, without other proof, deemed to be the legal representative of the anonymous or pseudonymous author.

#### ARTICLE 16.

Pirated works may be seized by the competent authorities of any country of the Union where the original work enjoys legal protection.

In such a country the seizure may also apply to reproductions imported from a country where the work is not protected, or has ceased to be protected.

The seizure shall take place in accordance with the domestic legislation of each country.

## ARTICLE 17.

The provisions of the present Convention cannot in any way derogate from the right belonging to the Government of each country of the Union to permit, to control, or to prohibit, by measures of domestic legislation or police, the circulation, representation, or exhibition of any works or productions in regard to which the competent authority may find it necessary to exercise that right.

## ARTICLE 18.

The present Convention shall apply to all works which at the moment of its coming into force have not yet fallen into the public domain in the country of origin through the expiration of the term of protection.

If, however, through the expiration of the term of protection which was previously granted, a work has fallen into the public domain of the country where protection is claimed, that work shall not be protected anew in that country.

The application of this principle shall take effect according to the stipulations contained in special Conventions existing, or to be concluded, to that effect between countries of the Union. In the absence of such stipulations, the respective countries shall regulate, each in so far as it is concerned, the manner in which the said principle is to be applied.

The above provisions shall apply equally in case of new accessions to the Union, and also in the event of the term of protection being extended by the application of Article 7.

## ARTICLE 19.

The provisions of the present Convention shall not prevent a claim being made for the application of any wider provisions which may be made by the legislation of a country of the Union in favour of foreigners in general.

## ARTICLE 20.

The Governments of the countries of the Union reserve to themselves the right to enter into special arrangements between each other, provided always that such arrangements confer upon authors more extended rights than those granted by the Union, or embody other stipulations not contrary to the present Convention. The provisions of existing arrangements which answer to the above-mentioned conditions shall remain applicable.

ARTICLE 21.

The International Office established under the name of the "Office of the International Union for the Protection of Literary and Artistic Works" shall be maintained. That office is placed under the high authority of the Government of the Swiss Confederation, which regulates its organization and supervises its working. The official language of the Office shall be French.

ARTICLE 22.

The International Office collects every kind of information relative to the protection of the rights of authors over their literary and artistic works. It arranges and publishes such information. It undertakes the study of questions of general interest concerning the Union, and by the aid of documents placed at its disposal by the different administrations, edits a periodical publication in the French language on the questions which concern the objects of the Union. The Governments of the countries of the Union reserve to themselves the power to authorize by common accord the publication by the Office of an edition in one or more other languages, if experience should show this to be requisite.

The International Office will always hold itself at the disposal of members of the Union with a view to furnish them with any special information which they may require relative to the protection of literary and artistic works.

The Director of the International Office shall make an annual Report on his Administration, which shall be communicated to all the members of the Union.

ARTICLE 23.

The expenses of the Office of the International Union shall be shared by the contracting States. Until a fresh arrangement be made they cannot exceed the sum of 60,000 francs a year. This sum may be increased, if necessary, by the simple decision of one of the Conferences provided for in Article 24.

The share of the total expense to be paid by each country shall be determined by the division of the contracting and acceding countries into six classes, each of which shall contribute in the proportion of a certain number of units, viz.:-

1st class	.....	25	units.
2nd	" .....	20	"
3rd	" .....	15	"
4th	" .....	10	"
5th	" .....	5	"
6th	" .....	3	"

These coefficients are multiplied by the number of countries of each class, and the total products thus obtained gives the number of units by which the total expenses is to be divided. The quotient gives the amount of the unit of expense.

Each country shall declare, at the time of its accession, in which of the said classes it desires to be placed.

The Swiss Administration prepares the Budget of the Office, superintends its expenditure, makes the necessary advances, and draws up the annual account which shall be communicated to all the other Administrations.

#### ARTICLE 24.

The present Convention may be submitted to revisions in order to introduce therein amendments calculated to perfect the system of the Union.

Questions of this kind, as well as those which are of interest to the Union in other respects, shall be considered in Conferences to be held successively in the countries of the Union by delegates of the said countries. The Administration of the country where a Conference is to meet prepares, with the assistance of the International Office, the programme of the Conference. The Director of the Office shall attend at the sittings of the Conferences, and shall take part in the discussions without the right to vote.

No alteration in the present Convention shall be binding on the Union except by the unanimous consent of the countries composing it.

#### ARTICLE 25.

States outside the Union which make provision for the legal protection of the rights forming the object of the present Convention may accede thereto on request to that effect.

Such accession shall be notified in writing to the Government of the Swiss Confederation, who will communicate it to all the other countries of the Union.

Such accession shall imply full adhesion to all the clauses and admission to all the advantages provided by the present Convention. It may, nevertheless, contain an indication of the provisions of the Convention of the 9th September, 1886, or of the Additional Act of the 4th May, 1896, which they may judge necessary to substitute, provisionally at least, for the corresponding provisions of the present Convention.

#### ARTICLE 26.

Contracting countries shall have the right to accede to the present Convention at any time for their Colonies or foreign possessions.

They may do this either by a general Declaration comprising in the accession all their Colonies or possessions, or by specially naming those comprised therein, or by simply indicating those which are excluded.

Such Declaration shall be notified in writing to the Government of the Swiss Confederation, who will communicate it to all the other countries of the Union.

#### ARTICLE 27.

The present Convention shall replace, in regard to the relations between the Contracting States, the Convention of Berne of the 9th September, 1886, including the Additional Article and the Final Protocol of the same date, as well as the Additional Act and the Interpretative Declaration of the 4th May, 1896. These instruments shall remain in force in regard to relations with States which do not ratify the present Convention.

The Signatory States of the present Convention may declare at the exchange of ratifications that they desire to remain bound, as regards any specific point, by the provisions of the Conventions which they have previously signed.

#### ARTICLE 28.

The present Convention shall be ratified, and the ratifications exchanged at Berlin not later than the 1st July, 1910.

Each Contracting Party shall, as regards the exchange of ratifications, deliver a single instrument, which shall be deposited with those of the other countries in the archives of the Government of the Swiss Confederation. Each Party shall receive in return a copy of the *procès-verbal* of the exchange of ratifications signed by the Plenipotentiaries who took part.

#### ARTICLE 29.

The present Convention shall be put in force three months after the exchange of ratifications, and shall remain in force for an indefinite period until the termination of a year from the day on which it may have been denounced.

Such denunciation shall be made to the Government of the Swiss Confederation. It shall only take effect in regard to the country making it, the Convention remaining in full force and effect for the other countries of the Union.

#### ARTICLE 30.

The States which shall introduce in their legislation the duration of protection for fifty years contemplated by Article 7, first paragraph, of the present Convention, shall give notice thereof in writing to the Government of the Swiss Confederation, who will communicate it at once to all the other States of the Union.

The same procedure shall be followed in the case of the States renouncing the reservations made by them in virtue of Articles 25, 26, and 27.

ADDITIONAL PROTOCOL TO THE INTERNATIONAL COPYRIGHT  
CONVENTION OF NOVEMBER 13, 1908.

The countries belonging to the International Union for the protection of literary and artistic works, being desirous of permitting the limitation at discretion of the application of the Convention of the 13th November, 1908, have adopted by common consent the following Protocol:—

1. Where any country outside the Union fails to protect in an adequate manner the works of authors who are subject to the jurisdiction of one of the contracting countries, nothing in the Convention of the 13th November, 1908, shall affect the right of such contracting country to restrict the protection given to the works of authors who are, at the date of the first publication thereof subjects or citizens of the said non-Union country, and are not effectively domiciled in one of the countries of the Union.

2. The right accorded by the present Protocol to contracting States belongs equally to any of their oversea possessions.

3. No restrictions introduced by virtue of Article 1 of the present Protocol shall in any way affect the rights which an author may have acquired in respect of a work published in a country of the Union before such restrictions were put in force.

4. The States which restrict the grant of copyright in accordance with the present Protocol shall give notice thereof to the Government of the Swiss Confederation by a written declaration specifying the countries in regard to which protection is restricted, and the restrictions to which rights of authors who are subject to the jurisdiction of these countries are subjected. The Government of the Swiss Confederation will immediately communicate this declaration to all the other States of the Union.

5. The present Protocol shall be ratified, and the ratifications deposited at Berne within a period not exceeding twelve months from the date thereof. It shall come into operation one month after the expiration of this period, and shall have the same force and duration as the Convention to which it relates.

In witness whereof the Plenipotentiaries of the countries belonging to the Union have signed the present Protocol, a certified copy of which shall be transmitted to each of the respective Governments.

Done at Berne, the 20th day of March, 1914, in a single copy, deposited in the archives of the Swiss Confederation.

Each voter may vote only at one polling station and for only one candidate, unless two members are to be returned for the electoral district, in which case he may vote for one or for two candidates as he thinks fit.

The voter will go into one of the compartments, and, with a black lead pencil there provided, place a cross within the white space containing the name of the candidate for whom he votes, thus X.

The voter shall then fold the ballot paper so that the initials and stamp on the back and the number on the counterfoil can be seen and the counterfoil detached without opening the paper; he shall then return the ballot paper so folded to the deputy returning officer, who shall, in full view of those present, including the voter, remove the counterfoil, destroy the same, and place the ballot paper in the ballot box. If a voter votes for more candidates than he is entitled to vote for, or places any mark on the ballot paper by which he can afterwards be identified, his vote will be void and will not be counted.

If the voter fraudulently takes a ballot paper out of the polling station, or fraudulently delivers to the deputy returning officer to be put into the ballot box any other

## STATUTE

FOR

THE PERMANENT COURT OF INTERNATIONAL JUSTICE

PROVIDED FOR BY

Article 14 of the Covenant of the League of Nations.

## ARTICLE 1.

A Permanent Court of International Justice is hereby established, in accordance with Article 14 of the Covenant of the League of Nations. This Court shall be in addition to the Court of Arbitration organized by the Conventions of The Hague of 1899 and 1907, and to the special Tribunals of Arbitration to which States are always at liberty to submit their disputes for settlement.

## CHAPTER I.

## ORGANIZATION OF THE COURT.

## ARTICLE 2.

The Permanent Court of International Justice shall be composed of a body of independent judges, elected regardless of their nationality from amongst persons of high moral character, who possess the qualifications required in their respective countries for appointment to the highest judicial offices, or are jurisconsults of recognized competence in international law.

## ARTICLE 3.

The Court shall consist of fifteen members: eleven judges and four deputy-judges. The number of judges and deputy-judges may hereafter be increased by the Assembly, upon the proposal of the Council of the League of Nations, to a total of fifteen judges and six deputy-judges.

## ARTICLE 4.

The members of the Court shall be elected by the Assembly and by the Council from a list of persons nominated by the national groups in the Court of Arbitration, in accordance with the following provisions.

In the case of Members of the League of Nations not represented in the Permanent Court of Arbitration, the lists of candidates shall be drawn up by national groups appointed for this purpose by their Governments under the same conditions as those prescribed for members of the Permanent Court of Arbitration by Article 44 of the Convention of The Hague of 1907 for the pacific settlement of international disputes.

#### ARTICLE 5.

At least three months before the date of the election, the Secretary-General of the League of Nations shall address a written request to the Members of the Court of Arbitration belonging to the States mentioned in the Annex to the Covenant or to the States which join the League subsequently, and to the persons appointed under paragraph 2 of Article 4, inviting them to undertake, within a given time, by national groups, the nomination of persons in a position to accept the duties of a member of the Court.

No group may nominate more than four persons, not more than two of whom shall be of their own nationality. In no case must the number of candidates nominated be more than double the number of seats to be filled.

#### ARTICLE 6.

Before making these nominations, each national group is recommended to consult its Highest Court of Justice, its Legal Faculties and Schools of Law, and its National Academies and national sections of International Academies devoted to the study of Law.

#### ARTICLE 7.

The Secretary-General of the League of Nations shall prepare a list in alphabetical order of all the persons thus nominated. Save as provided in Article 12, paragraph 2, these shall be the only persons eligible for appointment.

The Secretary-General shall submit this list to the Assembly and to the Council.

#### ARTICLE 8.

The Assembly and the Council shall proceed independently of one another to elect, firstly the judges, then the deputy-judges.

#### ARTICLE 9.

At every election, the electors shall bear in mind that not only should all the persons appointed as members of the Court possess the qualifications required, but the whole  
286 body

body also should represent the main forms of civilization and the principal legal systems of the world.

#### ARTICLE 10.

Those candidates who obtain an absolute majority of votes in the Assembly and in the Council shall be considered as elected.

In the event of more than one national of the same Member of the League being elected by the votes of both the Assembly and the Council, the eldest of these only shall be considered as elected.

#### ARTICLE 11.

If, after the first meeting held for the purpose of the election, one or more seats remain to be filled, a second and, if necessary, a third meeting shall take place.

#### ARTICLE 12.

If, after the third meeting, one or more seats still remain unfilled, a joint conference consisting of six members, three appointed by the Assembly and three by the Council, may be formed, at any time, at the request of either the Assembly or the Council, for the purpose of choosing one name for each seat still vacant, to submit to the Assembly and the Council for their respective acceptance.

If the Conference is unanimously agreed upon any person who fulfils the required conditions, he may be included in its list, even though he was not included in the list of nominations referred to in Articles 4 and 5.

If the joint conference is satisfied that it will not be successful in procuring an election, those members of the Court who have already been appointed shall, within a period to be fixed by the Council, proceed to fill the vacant seats by selection from amongst those candidates who have obtained votes either in the Assembly or in the Council.

In the event of an equality of votes amongst the judges, the eldest judge shall have a casting vote.

#### ARTICLE 13.

The members of the Court shall be elected for nine years.

They may be re-elected.

They shall continue to discharge their duties until their places have been filled. Though replaced, they shall finish any cases which they may have begun.

## ARTICLE 14.

Vacancies which may occur shall be filled by the same method as that laid down for the first election. A member of the Court elected to replace a member whose period of appointment had not expired will hold the appointment for the remainder of his predecessor's term.

## ARTICLE 15.

Deputy-judges shall be called upon to sit in the order laid down in a list.

This list shall be prepared by the Court and shall have regard firstly to priority of election and secondly to age.

## ARTICLE 16.

The ordinary Members of the Court may not exercise any political or administrative function. This provision does not apply to the deputy-judges except when performing their duties on the Court.

Any doubt on this point is settled by the decision of the Court.

## ARTICLE 17.

No Member of the Court can act as agent, counsel or advocate in any case of an international nature. This provision only applies to the deputy-judges as regards cases in which they are called upon to exercise their functions on the Court.

No Member may participate in the decision of any case in which he has previously taken an active part, as agent, counsel or advocate for one of the contesting parties, or as a Member of a national or international Court, or of a commission of enquiry, or in any other capacity.

Any doubt on this point is settled by the decision of the Court.

## ARTICLE 18.

A member of the Court cannot be dismissed unless, in the unanimous opinion of the other members, he has ceased to fulfil the required conditions.

Formal notification thereof shall be made to the Secretary-General of the League of Nations by the Registrar.

This notification makes the place vacant.

## ARTICLE 19.

The members of the Court, when engaged on the business of the Court, shall enjoy diplomatic privileges and immunities.

## ARTICLE 20.

Every member of the Court shall, before taking up his duties, make a solemn declaration in open Court that he will exercise his powers impartially and conscientiously.

## ARTICLE 21.

The Court shall elect its President and Vice-President for three years; they may be re-elected.

It shall appoint its Registrar.

The duties of Registrar of the Court shall not be deemed incompatible with those of Secretary-General of the Permanent Court of Arbitration.

## ARTICLE 22.

The seat of the Court shall be established at The Hague.

The President and Registrar shall reside at the seat of the Court.

## ARTICLE 23.

A session of the Court shall be held every year.

Unless otherwise provided by rules of Court, this session shall begin on the 15th of June, and shall continue for so long as may be deemed necessary to finish the cases on the list.

The President may summon an extraordinary session of the Court whenever necessary.

## ARTICLE 24.

If, for some special reason, a member of the Court considers that he should not take part in the decision of a particular case, he shall so inform the President.

If the President considers that for some special reason one of the members of the Court should not sit on a particular case, he shall give him notice accordingly.

If in any such case the member of the Court and the President disagree, the matter shall be settled by the decision of the Court.

## ARTICLE 25.

The full Court shall sit except when it is expressly provided otherwise.

If eleven judges cannot be present, the number shall be made up by calling on deputy-judges to sit.

If, however, eleven judges are not available, a quorum of nine judges shall suffice to constitute the Court.

## ARTICLE 26.

Labour cases, particularly cases referred to in Part XIII (Labour) of the Treaty of Versailles and the corresponding portions of the other Treaties of Peace, shall be heard and determined by the Court under the following conditions:

The Court will appoint every three years a special chamber of five judges, selected so far as possible with due regard to the provisions of Article 9. In addition, two judges shall be selected for the purpose of replacing a judge who finds it impossible to sit. If the parties so demand, cases will be heard and determined by this chamber. In the absence of any such demand, the Court will sit with the number of judges provided for in Article 25. On all occasions the judges will be assisted by four technical assessors sitting with them, but without the right to vote, and chosen with a view to ensuring a just representation of the competing interests.

If there is a national of one only of the parties sitting as a judge in the chamber referred to in the preceding paragraph, the President will invite one of the other judges to retire in favour of a judge chosen by the other party in accordance with Article 31.

The technical assessors shall be chosen for each particular case in accordance with rules of procedure under Article 30 from a list of "Assessors for Labour cases" composed of two persons nominated by each Member of the League of Nations and an equivalent number nominated by the Governing Body of the Labour Office. The Governing Body will nominate, as to one-half, representatives of the workers, and as to one-half, representatives of employers from the list referred to in Article 412 of the Treaty of Versailles and the corresponding Articles of the other Treaties of Peace.

In Labour cases the International Labour Office shall be at liberty to furnish the Court with all relevant information, and for this purpose the Director of that Office shall receive copies of all the written proceedings.

## ARTICLE 27.

Cases relating to transit and communications, particularly cases referred to in Part XII (Ports, Waterways and Railways) of the Treaty of Versailles and the corresponding portions of the other Treaties of Peace shall be heard and determined by the Court under the following conditions :

The Court will appoint every three years a special chamber of five judges, selected so far as possible with due regard to the provisions of Article 9. In addition, two judges

shall be selected for the purpose of replacing a judge who finds it impossible to sit. If the parties so demand, cases will be heard and determined by this chamber. In the absence of any such demand, the Court will sit with the number of judges provided for in Article 25. When desired by the parties or decided by the Court, the judges will be assisted by four technical assessors sitting with them, but without the right to vote.

If there is a national of one only of the parties sitting as a judge in the chamber referred to in the preceding paragraph the President will invite one of the other judges to retire in favour of a judge chosen by the other party in accordance with Article 31.

The technical assessors shall be chosen for each particular case in accordance with rules of procedure under Article 30 from a list of "Assessors for Transit and Communications cases" composed of two persons nominated by each Member of the League of Nations.

#### ARTICLE 28.

The special chambers provided for in Articles 26 and 27 may, with the consent of the parties to the dispute, sit elsewhere than at The Hague.

#### ARTICLE 29.

With a view to the speedy despatch of business, the Court shall form annually a chamber composed of three judges who, at the request of the contesting parties, may hear and determine cases by summary procedure.

#### ARTICLE 30.

The Court shall frame rules for regulating its procedure. In particular, it shall lay down rules for summary procedure.

#### ARTICLE 31.

Judges of the nationality of each contesting party shall retain their right to sit in the case before the Court.

If the Court includes upon the Bench a judge of the nationality of one of the parties only, the other party may select from among the deputy-judges a judge of its nationality, if there be one. If there should not be one, the party may choose a judge, preferably from among those persons who have been nominated as candidates as provided in Articles 4 and 5.

If the Court includes upon the Bench no judge of the nationality of the contesting parties, each of these may proceed to select or choose a judge as provided in the preceding paragraph.

Should there be several parties in the same interest, they shall, for the purpose of the preceding provisions, be reckoned as one party only. Any doubt upon this point is settled by the decision of the Court.

Judges selected or chosen as laid down in paragraphs 2 and 3 of this Article shall fulfil the conditions required by Articles 2, 16, 17, 20, 24 of this Statute. They shall take part in the decision on an equal footing with their colleagues.

#### ARTICLE 32.

The judges shall receive an annual indemnity to be determined by the Assembly of the League of Nations upon the proposal of the Council. This indemnity must not be decreased during the period of a judge's appointment.

The President shall receive a special grant for his period of office, to be fixed in the same way.

The Vice-President, judges and deputy-judges, shall receive a grant for the actual performance of their duties, to be fixed in the same way.

Travelling expenses incurred in the performance of their duties shall be refunded to judges and deputy-judges who do not reside at the seat of the Court.

Grants due to judges selected or chosen as provided in Article 31 shall be determined in the same way.

The salary of the Registrar shall be decided by the Council upon the proposal of the Court.

The Assembly of the League of Nations shall lay down, on the proposal of the Council, a special regulation fixing the conditions under which retiring pensions may be given to the personnel of the Court.

#### ARTICLE 33.

The expenses of the Court shall be borne by the League of Nations, in such a manner as shall be decided by the Assembly upon the proposal of the Council.

### CHAPTER II.

#### COMPETENCE OF THE COURT.

#### ARTICLE 34.

Only States or Members of the League of Nations can be parties in cases before the Court.

#### ARTICLE 35.

The Court shall be open to the Members of the League and also to States mentioned in the Annex to the Covenant.

The conditions under which the Court shall be open to other States shall, subject to the special provisions contained in treaties in force, be laid down by the Council, but in no case shall such provisions place the parties in a position of inequality before the Court.

When a State which is not a Member of the League of Nations is a party to a dispute, the Court will fix the amount which that party is to contribute towards the expenses of the Court.

#### ARTICLE 36.

The jurisdiction of the Court comprises all cases which the parties refer to it and all matters specially provided for in Treaties and Conventions in force.

The Members of the League of Nations and the States mentioned in the Annex to the Covenant may, either when signing or ratifying the protocol to which the present Statute is adjoined, or at a later moment, declare that they recognize as compulsory *ipso facto* and without special agreement, in relation to any other Member or State accepting the same obligation, the jurisdiction of the Court in all or any of the classes of legal disputes concerning:

- (a) The interpretation of a Treaty;
- (b) Any question of International Law;
- (c) The existence of any fact which, if established, would constitute a breach of an international obligation;
- (d) The nature or extent of the reparation to be made for the breach of an international obligation.

The declaration referred to above may be made unconditionally or on condition of reciprocity on the part of several or certain Members or States, or for a certain time.

In the event of a dispute as to whether the Court has jurisdiction, the matter shall be settled by the decision of the Court.

#### ARTICLE 37.

When a treaty or convention in force provides for the reference of a matter to a tribunal to be instituted by the League of Nations, the Court will be such tribunal.

#### ARTICLE 38.

The Court shall apply:

1. International conventions, whether general or particular, establishing rules expressly recognized by the contesting States;
2. International custom, as evidence of a general practice accepted as law;

3. The general principles of law recognized by civilized nations;

4. Subject to the provisions of Article 59, judicial decisions and the teachings of the most highly qualified publicists of the various nations, as subsidiary means for the determination of rules of law.

This provision shall not prejudice the power of the Court to decide a case *ex æquo et bono*, if the parties agree thereto.

## CHAPTER III.

### PROCEDURE.

#### ARTICLE 39.

The official languages of the Court shall be French and English. If the parties agree that the case shall be conducted in French, the judgment will be delivered in French. If the parties agree that the case shall be conducted in English, the judgment will be delivered in English.

In the absence of an agreement as to which language shall be employed, each party may, in the pleadings, use the language which it prefers; the decision of the Court will be given in French and English. In this case the Court will at the same time determine which of the two texts shall be considered as authoritative.

The Court may, at the request of the parties, authorize a language other than French or English to be used.

#### ARTICLE 40.

Cases are brought before the Court, as the case may be, either by the notification of the special agreement, or by a written application addressed to the Registrar. In either case the subject of the dispute and the contesting parties must be indicated.

The Registrar shall forthwith communicate the application to all concerned.

He shall also notify the Members of the League of Nations through the Secretary-General.

#### ARTICLE 41.

The Court shall have the power to indicate, if it considers that circumstances so require, any provisional measures which ought to be taken to reserve the respective rights of either party.

Pending the final decision, notice of the measures suggested shall forthwith be given to the parties and the Council.

## ARTICLE 42.

The parties shall be represented by Agents.

They may have the assistance of Counsel or Advocates before the Court.

## ARTICLE 43.

The procedure shall consist of two parts: written and oral.

The written proceedings shall consist of the communication to the judges and to the parties of cases, counter-cases and, if necessary, replies; also all papers and documents in support.

These communications shall be made through the Registrar, in the order and within the time fixed by the Court.

A certified copy of every document produced by one party shall be communicated to the other party.

The oral proceedings shall consist of the hearing by the Court of witnesses, experts, agents, counsel and advocates.

## ARTICLE 44.

For the service of all notices upon persons other than the agents, counsel and advocates, the court shall apply direct to the Government of the State upon whose territory the notice has to be served.

The same provision shall apply whenever steps are to be taken to procure evidence on the spot.

## ARTICLE 45.

The hearing shall be under the control of the President or, in his absence, of the Vice-President; if both are absent, the senior judge shall preside.

## ARTICLE 46.

The hearing in Court shall be public, unless the Court shall decide otherwise, or unless the parties demand that the public be not admitted.

## ARTICLE 47.

Minutes shall be made at each hearing, and signed by the Registrar and the President.

These minutes shall be the only authentic record.

## ARTICLE 48.

The Court shall make orders for the conduct of the case, shall decide the form and time in which each party must conclude its arguments, and make all arrangements connected with the taking of evidence.

## ARTICLE 49.

The Court may, even before the hearing begins, call upon the agents to produce any document, or to supply any explanations. Formal note shall be taken of any refusal.

## ARTICLE 50.

The Court may, at any time, entrust any individual, body, bureau, commission or other organization that it may select, with the task of carrying out an enquiry or giving an expert opinion.

## ARTICLE 51.

During the hearing, any relevant questions are to be put to the witnesses and experts under the conditions laid down by the Court in the rules of procedure referred to in Article 30.

## ARTICLE 52.

After the Court has received the proofs and evidence within the time specified for the purpose, it may refuse to accept any further oral or written evidence that one party may desire to present unless the other side consents.

## ARTICLE 53.

Whenever one of the parties shall not appear before the Court, or shall fail to defend his case, the other party may call upon the Court to decide in favour of his claim.

The Court must, before doing so, satisfy itself, not only that it has jurisdiction in accordance with Articles 36 and 37, but also that the claim is well founded in fact and law.

## ARTICLE 54.

When subject to the control of the Court, the agents, advocates and counsel have completed their presentation of the case, the President shall declare the hearing closed.

The Court shall withdraw to consider the judgment.

The deliberations of the Court shall take place in private and remain secret.

## ARTICLE 55.

All questions shall be decided by a majority of the judges present at the hearing.

In the event of an equality of votes, the President or his deputy shall have a casting vote.

## ARTICLE 56.

The judgment shall state the reasons on which it is based.

It shall contain the names of the judges who have taken part in the decision.

## ARTICLE 57.

If the judgment does not represent in whole or in part the unanimous opinion of the judges, dissenting judges are entitled to deliver a separate opinion.

## ARTICLE 58.

The judgment shall be signed by the President and by the Registrar. It shall be read in open Court, due notice having been given to the agents.

## ARTICLE 59.

The decision of the Court has no binding force except between the parties and in respect of that particular case.

## ARTICLE 60.

The judgment is final and without appeal. In the event of dispute as to the meaning or scope of the judgment, the Court shall construe it upon the request of any party.

## ARTICLE 61.

An application for revision of a judgment can be made only when it is based upon the discovery of some fact of such a nature as to be a decisive factor, which fact was, when the judgment was given, unknown to the Court and also to the party claiming revision, always provided that such ignorance was not due to negligence.

The proceedings for revision will be opened by a judgment of the Court expressly recording the existence of the new fact, recognising that it has such a character as to lay the case open to revision, and declaring the application admissible on this ground.

The Court may require previous compliance with the terms of the judgment before it admits proceedings in revision.

The application for revision must be made at latest within six months of the discovery of the new fact.

No application for revision may be made after the lapse of ten years from the date of the sentence.

## ARTICLE 62.

Should a State consider that it has an interest of a legal nature which may be affected by the decision in the case, it may submit a request to the Court to be permitted to intervene as a third party.

It will be for the Court to decide upon this request.

## ARTICLE 63.

Whenever the construction of a convention to which States other than those concerned in the case are parties is in question, the Registrar shall notify all such States forthwith.

Every State so notified has the right to intervene in the proceedings; but if it uses this right, the construction given by the judgment will be equally binding upon it.

## ARTICLE 64.

Unless otherwise decided by the Court, each party shall bear its own costs.
